

HES Science Fair!!

Dear Parents,

This letter is to inform you about the upcoming science fair. This year the science fair will be on 2 separate days.

Kindergarten, 2nd grade and 4th grade will be held on Wednesday, **April 4, &**

1st grade, 3rd grade and 5th grade will be held on Thursday **April 5th**
in the school's cafegymatorium.

We are very excited to see what our talented students will come up with. This is a wonderful opportunity for them to explore, learn, and share. **Please remember volcanoes and models are not science fair projects, and will not be allowed in the fair.** These models are excellent demonstrations of scientific concepts, but we need to only allow actual experiment projects into the fair.

If you have further questions or need help with anything, please let me know. You can contact me by calling before or after school. I will be available in my classroom afternoons from 3:30 until 4:00 p.m.

The official **science fair rules and judging criteria** will be available on our website <https://hes.washk12.org/stem/>. Make sure to follow them carefully. Thank you for your cooperation in this effort.

Dr. Paul Tauiliili
Science Fair Coordinator

***Please read the science fair rules very carefully!!! Any project that does not meet the required guidelines, if it cannot be fixed before judging begins, cannot be allowed to win.**

This entry form is DUE **Friday, March 23, 2018**. Late entries may be displayed, but will not be eligible for judging because judges are scheduled far in advance.

I would like my child to participate in this year's Science Fair. My child is in grade _____.

Child's name: _____ Parent's Signature: _____
